JAS. C. UTTERBACK HEADS KENTUCKY BANK ASSOCIATION

Paducah Man Honored by the
Convention at Louisville
Today.

L. M. Rieke, First District
Vice-President.

LOUISVILLE MAN SECRETARY

Louisville, Oct. 7.—The Kentucky bankers elected officers today: J. C. Utterback, Paducah, president; L. M. Rieke, Paducah, first vice-president; Arch Davis, Louisville, secretary; H. D. Ormsby, Louisville, treasurer.

Mr. Utterback is cashier of the City National bank, president of the Commercial club and one of Paducah's most popular young men.

FRANK JUDGE

DIED THIS AFTERNOON AT 2:15
AFTER LINGERING ILLNESS.

Frank Judge died this afternoon at 2:15 at the home of his mother, Mrs. P. Judge, 420 Washington street. Unconsciousness set in Tuesday relieving his suffering and from that time his condition was regarded as hopeless. Today he began to sink and when his physician left him at 2 o'clock this afternoon it was not believed that he would last more than one hour.

Mr. Judge was about 26 years of age and had spent most of his life in this city, formerly being connected with the Paducah Light and Power Company. A few years ago he went west when tuberculosis had developed. A few months ago he returned home and later went to Asheville, N. C., but his condition growing worse he was brought home unable to be on his feet. He was known among a wide circle of friends in Paducah, and was one of the most popular young men in the city. His mother and two sisters, Mrs. John Adkins and Mrs. Joe Yeiser, survive him. No arrangements have yet been made for the funeral.

JOY RIDERS NABBED.

J. O. Ray and A. Jackson, alleged "joy riders," hailing from Mayfield, were placed under arrest near Fourth street and Broadway about 12 o'clock last night by Patrolmen W. Whittemore and England after having covered considerable territory over the streets in a taxicab and a charge of being drunk and disorderly was preferred against them. Both gave bond.

James Estes, a youthful chauffeur, who was at the helm during the "sightseeing tour" says that Ray and Jackson and a third party engaged the cab and told him to get busy with the speedometer. The third and unknown party fired five shots from his revolver and escaped. The case was set for tomorrow morning in police court.

NINE HOURS TO BE
RULE IN ROUNDHOUSE.

Nine hours will constitute a working day in the roundhouse and machine shops of the Illinois Central railroad shops according to a bulletin posted today. The agreement was reached at the recent conference of the machinists and the officials. The machine shop has been running nine hours for several months, but in the round house the men worked ten hours. Extra compensation is provided for time after nine hours.

THE TIGERS INVADE
THE PIRATES DEN TODAY.

Pittsburg, Oct. 7.—Brimful of confidence, the Detroit Tigers arrived here early today for the world's championship battle. The members of the national base ball commission also arrived and with the Pirates already at home, three big bodies figuring in the series are on the ground ready for action. The sale of seats is breaking all records. Out of town fans are arriving in thousands. No men on either team are injured or out of condition.

Miss Mary Rucker, of Metropolis, Fell Off the Wharfboat Yesterday But Was Quickly Rescued

The Report That She At-
tempted to Take Her Life
is Untrue—An Accident,
Says Her Father.

Miss Mary Rucker, of Metropolis, fell off the wharfboat yesterday afternoon at 3 o'clock into the Ohio river, and was rescued by Conway Grayden, mate of the Clyde.

The News-Democrat in its account of the accident this morning said that the young lady jumped into the river, in an attempt at suicide, but in a conversation with a Sun reporter this morning, her father, Judge W. M. Rucker, of Metropolis, said that it was an accident. The young lady has been in a very nervous state for some time and yesterday afternoon while on the wharfboat, with her parents, awaiting the Clyde, to return home, she was suffering one of her nervous, depressing moods.

While on the wharfboat one of her shoes pinched her foot, and to relieve the pain she walked about the boat, and while near the edge on the east side became dizzy, and was overcome with an attack of nervousness. She fell into the river near the middle of the wharfboat on the east side where the boats land. The currents are treacherous, and she was being carried down the river rapidly when an unknown negro rouser pulled off his coat and reached it to her. She seized a coat sleeve and with the unique life line, Conway Grayden, first mate, and James Burk second mate of the steamer Clyde pulled Miss Rucker near the wharfboat so that they could reach down and pull her out of the river.

Fortunately Miss Rucker was in the water only a few minutes and her clothes kept her afloat until she was rescued. When she was lifted to the wharfboat she was excited, but was able to return to her home in Metropolis yesterday afternoon with her parents, and today is none the worse for her experience.

Miss Rucker is the daughter of Judge W. M. Rucker, formerly police judge of Eddyville, who was forced to leave because of the threats of night riders. With his family he removed to Metropolis and now has suits pending in federal court. She is a popular young woman and her friends say that it is untrue that she made any attempt to commit suicide, but was overcome with a dizzy spell, and that she has no cause for an attempt at self-destruction.

When communicating with this morning over the long distance telephone her father had not learned of the news story that his daughter had attempted suicide. He said: "My daughter has been nervous for several days and yesterday was suffering when she fell overboard. It was purely an accident."

Illinois Wedding.

Invitations have been received here to the wedding of Mr. James Bech Johnson to Miss Callie Bawn, of Centralia, Ill. The marriage is to take place at the home of the bride on Saturday, October 30. The couple are well known in Paducah.

Four Men Go to Pen Again Today

Four more prisoners were indicted convicted and sentenced to the state penitentiary today in circuit court and thus Circuit Judge William Reed equalled his record yesterday. All of the cases set for today were disposed of this morning and the court was adjourned for the day at 11 o'clock.

Cecil Settle and Elbert Holmes, two young negroes, were indicted on two charges of breaking into railroad cars and stealing eggs from the Woolfolk-Bower & company. Both

AMERICAN NAVY

ON A LEVEL WHERE OTHERS
RESPECT IT—DEWEY.

Washington, Oct. 7.—Admiral Dewey says the American navy is not "a bluff" as Congressman Landis declared. He says Landis' pleading for a merchants marine subsidy is unnecessary; that the money could buy all transports and colliers necessary in wartime. So long as America keeps building modern ships to replace the old and relegating the old to the second line the navy is on a level where others must respect it.

AERONAUTS HAVE A TERRIBLE TIME

STRIKE A WHIRLWIND AND
HAVE TO DESCEND.

15,000 FEET HIGH AND WERE
NEARLY FROZEN.

Albany, Minn., Oct. 7.—Seized in a gigantic whirlwind and dashed against trees and rocks with a terrible force, H. H. McGill, the pilot of the balloon Indiana, entered in the Louis contest, was forced to throw out sack after sack of ballast, shooting his huge bag three miles straight upward out of the reach of a storm. Overcome by his frightful experience J. H. Schauer pulled the cord which sent him to earth near here at 11 o'clock yesterday morning. Schauer, although suffering a broken shoulder from conflict with a huge tree, hastened through fields for assistance for his companion who is in a very serious condition. A farmer, seeing his plight, brought him here for medical attention. He had twelve more bags of ballast when the storm hit him. Schauer said he would have won if he had not struck the whirlwind. They were 15,000 feet high, and were almost frozen stiff. "McGill was sick when they left St. Louis but insisted on going, although I tried to dissuade him. I feared he would die above the clouds. The accident was a great disappointment to me as I felt sure to win the \$5,000 prize."

DIPHTHERIA

BEING RAPIDLY STAMPED OUT
BY HEALTH OFFICERS.

The diphtheria situation in the city is about under control and the city health board has asked the cooperation of all physicians and the general public in checking the spread of the disease. This morning City Health Officer H. P. Sights said he discharged seven cases and there were just six typical cases known at present.

"I wish you would say that all physicians who have suspicious cases of diphtheria will send their specimens to the health officer, who will make microscopic examination and report promptly," Dr. Sights said to a reporter this morning. Dr. Sights has just received a new supply of culture tubes for this purpose and desires that the disease be checked as quickly as possible. More cases are likely to spring up and Dr. Sights says that everyone cannot be too careful.

PADUCAH DAY ATTRACTS BIG CROWD AT FAIR

Good Size Crowd Sees Races
Yesterday.

TOMORROW THE LAST DAY

Paducah Day at the fair drew an immense crowd at the fair grounds today. It was the best day of the fair, and this afternoon the business section was deserted by many people and everybody turned out to attend. Last night the retail merchants agreed to close at 1 o'clock in order to give their clerks a half holiday.

The fair yesterday was attended by a larger crowd than Tuesday, and the features were enjoyed by the crowd. In addition to the four races the beef and milk cattle, in addition to the poultry exhibit, proved interesting to the crowd.

In the beef type "Lordells," a large bull of G. L. Fisher, of McCracken county, was awarded the first prize. Charles Harling was the judge.

Robert Potter officiated as judge in the dairy class and "Jubilee Lad," owned by F. L. Church & Son, was awarded the first prize, while "Ida Gordon's Lad," owned by the same firm, was awarded the second prize. "Jubilee Lad" won the second prize at the Kentucky State fair in Louisville.

In the event for the best bulls under two years old "Forfarshire's Wild Lad," owned by S. A. Fowler was awarded first prize. "Harry II," owned by F. L. Church & Son, was second.

Honors for the dairy cows of any age were carried off by S. A. Fowler who entered "Ould Nall" and "Caroline Homeward," with the prizes awarded respectively.

For dairy cows under two years old, "Joe's Pet," owned by S. A. Fowler, carried off first honors, while an entry of F. L. Church & Son was second.

In the last event for the best herd of dairy type consisting of four cows and one bull, the prize went to S. A. Fowler, who exhibited "Forfarshire's Wild Lad," "Crusoe's Golden Glow," "Denises," "Ida II," "Caroline Homeward" and "Ould Nall."

In the special event for a special prize offered by F. L. Church & Son for the best heifer sired by "Jubilee Lad," the prize was awarded to G. L. Fisher, who exhibited "Pearl Gigue," S. A. Fowler was special judge.

The races today will be the best as the free-for-all race will be pulled off. Reelfoot, a favorite, will go against some fast animals. The program is:

Untrained race, one-half mile heats, three in five—Judge Rastus driver, J. W. Evans; Mansfield, driver, C. J. Thomas; Capt. Cook, driver, C. J. Holman; Lizzie C., driver, W. A. Christian; Little Mack, driver, H. D. Shelton; Major, driver, C. Edwards; Pistol, driver, C. M. Vance; Billy, driver, Dr. Bass; Lady Clara driver, H. Ogilvie; Capt. Brooks driver, C. C. Bass; Billy the Kid driver, F. C. Simpson; Prince Albert driver, E. Freeman.

Free-for-all race, mile heats, three in five—Arnold Patchen, driver Rucker; Goldie May, driver, Swain; Black Wig, driver, Pixley; Reelfoot driver, Mayor.

Running, four and one-half furlongs—Enrica, Zarape, Waddy Lee Julia M., Wyoming.

Running, one mile dash—Charley Ward, Iona, Crossgrain, Oranooka John S.

Of the races yesterday the first race consisted of the colts of the two-year-old trot class. Little Sampson was first, Red Beam was second, Nancy Daniels, third; Lady Dare fourth, and Miss Montgomery, fifth.

In the second race the event of the day, "John Davis" won. "Jerry Wilkes" made a game fight but was outwitted at the close. Directum Baron, owned by Earl Walker, was third. The winner is owned by Dick Allen and was driven by Dr. Pixley, while "Henry Wilkes" is owned by M. P. Rucker. "John Davis" won the second, third and fourth heats.

In the third race Patchen Heart won the 2:20 pace in straight heats. Dan F. made a hard fight every time, while Lady F. Bell was third.

Two heats of the running race were declared off by the judges because of a protest of the bookies. In the first round of the five-furlong dash "Red Robin" won from "Juliett M." and when the race was run the second time "Red Robin" won the second time. The bookies wanted a change of riders for "Juliett M." Tomorrow will be the last day and a good card of races is promised.

Mayor Smith Says Sunday Law Violations of Saloons Must Cease, and Asks for New Law

Prepares an Ordinance Which
Forbids Anyone Entering
a Saloon From Saturday
Night Till Monday.

Mayor Smith will fire a shot to night in his battle for a cessation of the liquor traffic on Sundays, that will hit center, if his advisers' assumptions are correct, and they have every reason now for thinking that they are. He has had the city solicitor prepare an ordinance, which Dr. Stewart will introduce tonight, at the meeting of the aldermen, forbidding any one from entering a saloon at any time between closing time Saturday night and 5 o'clock Monday morning. This would include proprietor and any employees.

"I am determined to put a stop to this Sunday traffic," the mayor said to a Sun reporter today. "We have been warranting several saloonkeepers for violation of the Sunday closing law, but through various reasons they have been getting off without punishment. Some of the excuses have been that the proprietor or barkeeper was merely in the house cleaning up in preparation for the next day, and a denial of selling liquor. The witnesses we have had are habitués of the saloons and it has been hard to get evidence to convict."

"The business must stop, however, and in this ordinance, I see a way to stop it. A similar law has just recently been upheld by the supreme court, so it will stand the test of the courts."

The mayor has announced, as a further effort in his war on Sunday violations, that he will go on the floor of the council at the meeting for awarding licenses, the first of the year, and fight the issuance of a license to any man about whom he has any suspicion of Sunday violations.

"I do not need convicting evidence. This is hard to get. I shall fight every man that I hear is keeping his place open on Sundays and I serve warning now on every saloonkeeper in town that he must obey the law or suffer the consequences."

PROF. RAGSDALE

NAME GOES ON THE BALLOT AS
INDEPENDENT.

Sufficient names have been signed to the petition to place the name of Prof. J. S. Ragdale on the ballots as the independent candidate for state senator. One hundred names are required by law but the signatures they have secured 400 signatures, and many more could be secured. Prof. Ragdale became a candidate for state senator in opposition to W. V. Eaton, who secured the Democratic nomination, in a "famous" convention several months ago.

Former Street Car Conductor Sergeant

From street car motormen and conductors to sergeant of engineers in the United States army is the rapid rise of four young Paducah boys in the past three years. The return of James R. Morrison this week from Leavenworth, Kan., where he holds such a position, recalled the time when he and four companions enlisted at Paducah as private soldiers working themselves to the high positions at present. One of the five purchased his discharge one year after entering the army.

Morrison, a tall and fine type of a soldier, arrived yesterday from Leavenworth on a four months' furlough and will leave tomorrow for California to join his mother and spend the rest of his "time off." He is a Paducah boy and a striking coincidence is that he with four companions, all in the street car service in Paducah in 1906, enlisted here into the army. They joined the ranks in September of that year. He was a street car conductor and his companions were Walter Carpenter, a street car motorman, Cleveland Williams, Adrian Clark and James Mitchell, all conductors. One year after enlisting Mitchell purchased his discharge at Leavenworth. The others have risen to be sergeants of engineers receiving a monthly salary of \$43. They are able to save every cent as the army supplies them with clothing, etc. Such a position in the army is considered equal to a salary of a citizen at \$125 per month.

Carpenter is stationed at present at Fort Riley, Kan., and is attending at Porter school. Williams is at Leavenworth and was married a short time ago. He is now on a three months' furlough. Clark is stationed at Presidio, Cal., near San Francisco. Mr. Morrison called upon Sergeant C. A. Blake at the local recruiting station yesterday and will be here a few days longer seeing his friends. He is well known and has many friends as well as his four companions.

Kansas City, Mo., Oct. 7.—Grace E. Chapman pleaded guilty to a charge of bigamy in Justice Miller's court at her preliminary trial here today, admitting she had been married to six men without having obtained a divorce from any of them. "Yes, I'm guilty," she testified. "I've had six husbands and I'm sick of matrimony. Most of the men I married were farmers. I'd live with them until I got tired of them and then I'd leave. They were so tiresome."

"Were you ever divorced?" "Not that I know of," Mrs. Chapman replied.

Mrs. Chapman was unable to furnish a bond of \$2,000 and was remanded to jail to await trial.

POSTAL RECEIPTS BIG INCREASE

38 1-3 PER CENT THIS QUARTER
OVER THE LAST ONE.

OFFICE WILL SOON BE IN NEW
CLASS.

Unless there is an unexpected decrease in the postoffice receipts, Paducah will stand an excellent opportunity of being raised another step among the postoffices of the first class. The requirement is that the receipts of the postoffice shall reach \$80,000 during the year, and if the present increase keeps up the postoffice will step from the third division to the fourth division of the first class postoffices.

For the quarter that closed September 30 the Paducah postoffice had a gain of \$5,492.01 over the corresponding quarter of 1908, which is a gain of 38 1-3 per cent, something that only a few postoffices can boast. The fiscal year of the postoffice will close March 31, and during the two quarters of the present fiscal year the postoffice receipts have shown a gain of \$7,273. Last March the receipts were under \$80,000 about \$16,000, but with a gain of about \$8,000 during the next two quarters the receipts will reach the figures necessary to advance it. The increase for the six months is 20 1-6 per cent over the corresponding quarters of 1908.

Postmaster Frank M. Fisher is especially proud of the showing of the receipts, and believes that the \$80,000 will be reached. The postoffice is a splendid index to the condition of the business world, and proves that Paducah business men are not idle.

DEAL'S BAND

WILL BE OFFICIAL BAND AT A
TAFT RECEPTION.

Deal's band has been chosen by the Hickman citizens' committee, which has in charge the preparations for the reception to be given Taft, on his visit there, to furnish music for the occasion. Mr. Deal had made a quotation on his band a few days ago, and today he was advised that his proposition had been accepted.

The band Mr. Deal now has is rapidly winning fame for itself. The music it has furnished at the fair this week has been a treat to the attendants, and has brought it offers from other fair associations, one of which is the Jackson, Tenn.

Mr. and Mrs. D. A. Pate, of Sharon, Tenn., are visiting their daughter, Mrs. John S. Mitchell, 1708 Clay street.

TAFT GIVES THE CHILDREN LESSON ON PATRIOTISM

Puts Children of Mercer, Cal.
Through Catechism
Today.

"Home is Best Place in Best
Country."

REMEMBER IT, BE HAPPY

El Portal, Cal., Oct. 7.—Taft has been giving a little lesson in patriotism to the children. At Mercer yesterday, just before he entered the Yosemite Valley, he found a number of children surrounding the platform, waving flags and singing America.

"What is that song?" said Taft. "My O'Country" cried children. "Do you love your country?" "YeEs, sir."

"Would you die for your country?" "Yes, sir."

"Where do you live?" "Mercer."

"Have you lived anywhere else?" "Yes, sir."

"Where?" "Fresno."

"But you don't think Fresno is as good as Mercer, do you?"

"No, sir."

"That's right," exclaimed Taft. There is no place like home, you ought to be glad to have such beautiful place to live in and have so many fine clothes and are so happy. You ought to be glad you have so much to eat. Perhaps some of us would be better if we did not eat so much. Now I want to know if you are thankful to God for all the blessings you have?"

"Yes, sir," They replied.

"That's the way I like to hear you talk. I hope you are thankful for blessings always and never forget you live in the best country on earth, and your home is the best place in that country. If you always bear that in mind you always will be happy."

Leaves for Yosemite.

El Portal, Cal., Oct. 7.—Dressed in a knockabout frock costume, Taft, accompanied by Governor Gillette, Senator Flint and other dignitaries, left today for his first excursion into Yosemite valley. They went on a stage coach and are out of communication with the outside world until this evening.

ARGUMENT FOR HARRY.

Albany, Oct. 7.—Former Governor Black today before the court of appeals attacked the constitutionality of the act under which Harry Thaw was committed to Matteawan hospital for the criminal insane. Mrs. Thaw and her daughter, the former Countess of Yarmouth, listened to the arguments.

Black contended that the commitment was made without due process of law, since there is no proof that Thaw was insane at the time of his acquittal of the murder of Stanford White.

Black also attacked the law providing that the superintendent at Matteawan be the sole judge of the condition of the inmates, and that a jury should determine Thaw's condition.

DETROIT LOOKS BEST IN DETAIL

ONE DOPPESTER FIGURES THEM THE WORLD'S CHAMPIONS.

Which is Better, Tigers or Pirates, the All Absorbing Themes With Fans.

THE RESULTS OF YESTERDAY

The Sun has made arrangements, as usual, to get the returns of the world's championship series by innings. Of course, the returns up to press time will be found in The Sun and those after that time will be bulletined. The Sun extends a cordial invitation to all lovers of the game to call for information, either at the office or over the telephone.

Pittsburgh or Detroit? Will the Pirates make the Tigers walk the plank, or Stripes finish with a grin

and the Blackleggers on the inside? That is the liveliest question of the day and one which will continue a red-hot one for the next few days at least. Some few million persons are spending no small part of their time arguing, discussing and trying to figure the answer, and by the time the umpire calls "Play ball" at Pittsburgh next Friday afternoon they will be arrayed solidly in two camps. The one will refuse to see anything but a world's championship flag floating over Pittsburgh's great new ball park, while the other will consider the nailing of the bunting to the flagpole at Bennett park in Detroit.

New conditions have added interest to the world's series this year, and as a result the outcome will be followed more closely than since Detroit and Chicago clashed in the first of their two series. Conditions were ideal up to the second Detroit-Chicago series. New teams were clashing every year and the new angles lent to the task of figuring a winner kept the interest alive. Last year interest ebbed to its lowest point since the playing of world's series under the national commission began as the outcome was practically certain before the first game was played. Detroit Looks Best, Considered in Detail.

Considered in detail, Detroit looks better than Pittsburgh. Pitching is bound to prove the most important feature of the games, as it does in nearly every contest. Here it will be veteran material against younger ones, and the question will mainly be how good the Tiger veterans will

prove. In Donovan and Mullin Detroit has two splendid pitchers, but it is not certain that they will get into the world's series at their best. Mullin has had a great season, but seems to have gone off of late and is not twirling the ball now that he did along in midsummer. Donovan has, on the other hand, not been pitching up to his best mark by a long way, and it is only recently that he has shown what looks like a return to form.

Opposing the Detroit array of pitchers Pittsburgh must rely too much on youngsters who have had no experience in series as important as the one coming. Willis is the only veteran pitcher Clarke has who looks to be at his best, and the greater part of the work during the series will probably fall to his lot. Willis should stand up well under any fire, as he has faced hard games and critical situations so long he has become hardened to them. Philippe and Loefer are Clarke's other two veterans, but Loefer has done so little work that he must be thrown out in considering the world's series. Philippe has not been worked hard this season, but he has made a good record in the games in which he has been pitched. If keyed up for the big series he may prove a valuable man, as he is a veteran who has pitched in one world's series and would not be worried by the present one.

Cannitz is the leader of the Pittsburgh pitching staff and he may prove the big hero of the series. He is young and has not had much major league experience, but at the same time he has proven a star during the National league race. Maddox is right up with Cannitz, but he is also inexperienced, and so is Adams. Leifeld, the St. Louis boy, is Clarke's only left-hander, and this should get him his share of work during the coming series, as the Tigers are not partial to port side flingers. On the other hand, Leifeld has been erratic in his pitching and Clarke will be slow in using him unless he knows he is in condition. Taken as a whole it looks as though Detroit had some advantage in the pitching.

Behind the bat Pittsburgh has the best of it. Gibson is a splendid catcher in his present form and he looks to have a decided edge on Schmidt, who will undoubtedly be the main reliance of the Tigers behind the bat, even though Schmidt has had the advantage of two world's series.

Wagner Man Who May Win Series for Pirates.

Coming to the infield Pittsburgh looks to have all the best of it owing to the presence of Wagner. That Wagner is the greatest ball player in the game at present few acquainted with the playing of the two men will care to deny. Wagner is not only a marvel in the field, but he is a grand batter and base runner and a player who puts life into the game. It is here that Pittsburgh is most likely to

win the series if the trick is turned. It may be true that Wagner was a failure in the Pittsburgh-Boston series, as he made errors at critical points and Dineen struck him out when he had a chance to win with a hit, but the fact remains that Honus is too great a ball player to do such things even in a world's series with any degree of frequency. In fact he is just as liable to turn around and shine this time as he was not to the last. Wagner has broken up as many games as any player in either league in the last couple of years and the Detroit pitchers will know how good he is after they get through with him. Opposed to him will be Bush. There is no question but that Bush is a better player than O'Leary, who filled the position during the last series and that the Tigers will be stronger in the infield this time than they were then, but at the same time Bush does not compare with Wagner. Bush is a neat little player, fast on his feet both in the field and at bat, and game besides, but when stacked up against a man of Wagner's size and experience with the ability possessed by the big German he is overshadowed.

Outside of shortstop the teams are pretty well balanced in the infield. There is the veteran Tom Jones against Bill Abstein. Neither of the two rank with the best men covering first, but both are above the average.

At second it is also close between Delehanty and Miller. Miller is one of the best youngsters who has broken into major league company in several years, and his work both in the field and at bat has been brilliant. How he will stack up under the pressure of the world's series is another matter. Delehanty is the older and more experienced of the two.

It will be Bobby Byrne against Moriarty at third base, and the pair appear well matched. Moriarty is a better built player to stand the strain of a world series than Byrne, as the latter is rather delicate and frail. Against the heavy pitching and under the hard work of the world's series this will prove of no small advantage. Byrne, on the other hand, is the kind of a player who strings up well, and he does his best work both at bat and in the field when under a tension. Bobby throws away but few games, even though he makes a good percentage of errors. Those who know Byrne, look for him to make a good record during the world's series. In fielding, Moriarty is mechanically superior, but Byrne has a good arm and a cool head, and he saves himself a good many times after a fumble by quick work on the throw. At bat Byrne has been driving in runs for Pittsburgh with regularity.

Detroit's Outfield Best. In the outfield Detroit has the best of it, and this is one of the strongest points on the Tiger team. It will be Cobb against Clarke, and the Georgia wonder overshadows Clarke almost

as much as Wagner does Bush, and this despite the fact that the Pirate leader is a rattling good player. Cobb can outbit Clarke, outrun him and outfield him, and has just about as good a head. Hence it is practically certain that Cobb will come out of the world's series with a record far better than will Clarke.

In center it will be Leach vs. Crawford, and the Detroit slasher is a better man than Tommy the Wee. He will land on the ball harder and more frequently, and cover just as much ground in fielding. He may suffer a shade in running the bases, but even this is doubtful, as Leach has gone back in the last two years. Where Tommy will have a shade the best of it is in headwork. He is an old fox and liable to pull something off most any time when it is not expected.

This leaves McIntyre and Wilson to fight it out. McIntyre is a hard hitter and a good fielder. He can also travel fast on the bases. His one weakness is against left-hand pitchers, and in case Leifeld is used Davy Jones will be used to replace him. Wilson is unsteady, and he may prove a good man in the world's series, and then again he may not. The chances are against the former, however, and McIntyre or Jones should have no trouble holding him safe.

Hooks vs. Indians.

The B. B. Hook baseball team will take a try at the Indians next Sunday. The Hooks have some strong players and recently have struck a gait that has made the amateur teams look up. Mound City, Ill., was defeated and victory was won from the Wallersteins. On this record Chief Lloyd will grant the Hooks an opportunity to defeat the Indians. The battery for the Hooks will be: Council and McKee and for the Indians McChesney and Block.

Daily Thought.

"It isn't work that kills men; it is worry. Work is healthy. You can hardly put more on a man than he can bear; but worry is rust upon the blade. It is not motion that destroys machinery; it is friction," says a great writer.

Of course a Ballard county young lady won the prize for the handsomest woman on the grounds at the fair yesterday. Ballard has a way of doing things. For instance, it was Ballard county that won that automobile The Sun gave away.

Your average baseball fan will work with one eye on his job and the other on the bulletin boards for the next few days. The world's championship games start Friday, and young and old, little and big, the lovers of the game are all attention.

Morse, the ice king, has shown what a man can do, when given a chance. He has already made and paid off over seven million dollars of his debts since spring. Of course, some one will ask him where he got it, but it seems to be laying around for some folks.

And America won the international race? We shall soon sigh for more worlds to conquer.

Reports from almost every section of the country the past few weeks disclose the fact that the pendulum has swung far the other way, and now there are more jobs than there are men for them. Such a year of building has never been experienced before in the larger cities, and the amount of railroad and factory construction work being done is amazing. Soon all of this will be readily apparent in better trade for the retailers and then we can say prosperity has at last returned. The labor conditions in Paducah are better than they have been in three years and many of the largest plants in the city are complaining of their inability to find enough men. Especially is this true in the day laborer field. It is true there are some idle men in town, but they are idle because they refuse to work.

THE FALL OF COL. EPH. Alack and alas! Men have fallen upon dreary times in Kentucky. The knightly and brave are no longer privileged.

Members of first families in Kentucky are fined as bootleggers along with mulattoes and negroes, black as midnight in a city sewer.

Col. Eph W. Lillard, representative from Boyle county in the Kentucky legislature, was recently fined \$3,500 in the police court at Danville on forty-five charges of selling whiskey illegally.

Col. Lillard owns a drug store in Danville.

The faithful chronicler of news for the Associated Press did not even put an interlarding paragraph between the story of Col. Eph's woes

and the lillad of Bunk Raum, a negro; for on the same day, in the same courthouse, Bunk Raum was fined \$1,200 for bootlegging.

Bunk's fines, it is said, during the last month aggregated \$1,800.

Here is equality before the law and the conviction of Col. Lillard and Bunk Raum the same day, the same hour, in the same room, on the same charge, approaches a degree of race equality which we did not think a Kentucky judge would permit.

However, the race superiority of Col. Lillard was shown by the fact that the judge remitted all of his fine except \$300, which he accepted in full for all obligations, but Bunk Raum got no such consideration. Bunk had to pay his \$1,200—there was no discount.

Col. Lillard has been prominent in Kentucky politics for many years. He and Jack Chinn were boom companions. They were as Damon as Pythias among the crowd of Kentuckians who flourished 20 years ago on the race tracks and other places of gentlemanly amusement. During the Goebel trouble, Col. Lillard was much in the newspapers.—Memphis Commercial-Appeal.

TAFT, ON JOURNEY.

WINS NEW FRIENDS.

When President Taft arrived in San Francisco he had finished more than half his tour of the United States. He had passed through fourteen states, visited twenty-eight cities, and made more than ninety speeches.

It is a matter of great public interest to know the impression the president made upon the great sections which he visited.

Has he gained or lost ground?

To enable an accurate judgment

The Chicago Tribune telegraphed to the correspondents of the New York

World and the New York Sun, who are traveling with the president and are known to enjoy his friendship,

and to the editor of the San Francisco Bulletin, requesting them to

give their views—absolutely uncolored and unbiased—as to the manner in which the president and his

speeches had been received.

The replies which reached Chicago last night show clearly that Mr. Taft's personal charm has been a

factor of decided importance in winning admirers and friends.

The New York World correspondent says that with more than half of the trip completed it looks as if the president's personality, together with the country's present prosperity, has made the tour a success.

The New York Sun representative says Mr. Taft's trip has been successful, and that his personality has

created a favorable impression at every stop.

The editor of the San Francisco Bulletin thinks sentiment for Taft on the Pacific coast better than it

has been at any time since the tariff bill became a law.

It is asserted by the correspondents that the coolness toward the president manifested by the middle west on account of his defense of

the Aldrich tariff bill disappeared as he entered the Rocky mountain region, and dwelt upon his purpose to

carry out the Roosevelt policies, particularly with respect to conservation, irrigation, and reclamation.

The World correspondent says when the audience of the far west heard the president mention Roosevelt they cheered so long and loudly that they could not understand what Mr. Taft was saying.

The Sun representative declared the one thing the president did for himself in the Rocky mountain and Pacific coast region was to convince the people that he is still behind the Roosevelt policies.

The World correspondent says the audiences and, judging from interviews possible at brief stops, the people generally have not

agreed with Mr. Taft on the subjects on which he has talked to them.

The editor of the San Francisco Bulletin says the president will yet see the light and stand bravely with them to regulate unscrupulous

wealth.

The Sun representative declares that the one thing that stands out as a result of the trip is the fact that the president has joined hands with the Aldrich-Cannon wing of the

Republican party in the belief that thereby he will be able to place upon the statute books the legislative program which he desires.

The editor of the Bulletin comments upon the alignment of the president with machine Republicans.

The several correspondents agree that Mr. Taft made an unhappy impression by his declaration that

Alaska is unfit for self-government, there being thousands on the Pacific slope who have relatives in the northwestern territory. But this

was more than offset by the earnest demand Mr. Taft made for ship

subsidies.

AL E. YOUNG GETS

A PYTHIAN OFFICE

Kentucky Grand Lodge Holding Its Annual Session at Winchester.

Winchester, Ky., Oct. 7.—The grand lodge of the Kentucky Knights of Pythias is in session here with about 400 delegates in attendance. The grand officers are: O. H. Pollard, of Jackson, grand chancellor; C. F. Saunders, of Frankfort, grand vice chancellor; R. L. Slade, of London, grand prelate; J. W. Carter, of Owensboro, keeper of records and seals; Jule Plummer, of Bellevue, master of the exchequer; H. A. Schoborth, of Versailles, master at arms; George C. Carter, of Latonia, inner guard; Al E. Young, of Paducah, outer guard.

The address of welcome was delivered by the Hon. John M. Stevenson, of Ivanhoe Lodge, of this city, and the response was made by Grand Chancellor Pollard. Much enthusiasm was shown over a delegation of children from the orphan's home of the order.

The election of officers will be held today, and according to the custom, each of the present officers will be advanced one grade. The principal fight is on the election of a new outer guard, for which there are several candidates. Reports show that while 1,500 new members were added during the past year, the losses are such that the net gain is only 179. There are 178 lodges, with a total membership of 13,791.

GIRL VICTIM OF FAKE WEDDING

Decatur Young Woman Unaware Certificate is Necessary to Legalize Marriage.

Springfield, Ill., Oct. 7.—Not until her father asked to see the marriage certificate did Miss Hattie Leila Day, 19 years old, of Decatur, know that she had been made the victim of a fake marriage by a man who said he was Elmer Catlin, of Bigsby City. W. R. Day, father of the girl, came to Springfield and said that his daughter told him she did not think a marriage certificate was necessary.

A search of the license records by Mr. Day revealed the fact no license had been issued to the couple. The date of the "marriage" was given by Miss Day as August 19.

In the course of the drive he left his carriage and walked fifty yards, leaning heavily on his cane.

ARCTIC TRIUMPH

CAPTAIN BERNIER REPORTS THE NORTHWEST PASSAGE

Negotiated—Many Hardships Suffered—Commander Says Cook Sent Letter of Discovery.

Quebec, Oct. 7.—Captain Bernier and the government steamer Arctic arrived here today from a cruise in the arctic regions.

Capt. Bernier said the northwest passage had been negotiated. First Mate Green, in May of this year with a party of six selected men, drove over the ice westward, but before returning to Etah suffered terrible hardships. All their dogs were killed for food and the men arrived at the winter headquarters dragging their sleds and in the last stages of exhaustion.

Capt. Bernier has a letter which he received from Dr. Cook, dated Upernivik, May 23, in which the latter says that Peary sold his supplies, but that with the aid of provisions brought by Bernier he was able to "work out his problem." The letter says:

"We have pushed into the barest center and have picked the polar prize, but the effort was dangerous beyond all conception."

Capt. Bernier, when asked if he thought either Cook or Peary had reached the pole, answered:

"I would not admit that either has been to the pole before I have had sufficient proof. Both are persistent."

The captain did not want to say any more because, as he said, he expects to be a witness in the Cook-Peary controversy.

Mrs. Ferriman offered the hat to the most beautiful woman present at the fair from Jackson's Purchase with the exception of Paducah.

OTHO LEONARD

ESCAPED FROM CITY PRISON YESTERDAY AFTERNOON.

Not permitted by the city jailer to work on the chain gang for fear of breaking away, Otho Leonard, serving out a fine of \$10 in the city lockup for vagrancy, and wanted by the Louisville police on an alleged felony charge, escaped between 4 and 5 o'clock yesterday afternoon and is still at large.

Previous to his escape Patrol Driver Henry Seamon had taken two charity patients through the side door of the jail and it is presumed that the lock on the door did not fasten when Mr. Seamon closed it. However, no blame is laid upon the patrol driver. City Jailer Clark is of the opinion that Leonard picked the lock and slipped away unseen. His coat was found on his bunk in the jail this morning. A reward is offered by the Louisville authorities for Leonard and an officer was expected this week after him. Leonard is a young man and is slightly lame in his left leg.

MARKET CASE SUBMITTED WITHOUT ARGUMENT.

Frankfort, Ky., Oct. 7. (Special.)—By agreement of counsel the case of the city of Paducah versus the commonwealth was submitted to the appellate court without arguments and briefs were filed in the case. The case was appealed from the McCracken circuit court, requiring the city to pay state taxes on the city market, city wharf and city cemetery. In the lower court the city lost and the case was appealed.

The suit of John B. Steel against A. T. Russell was dismissed upon appellee's motion. Russell sued in the McCracken circuit court to take charge of some land and apply the rent on the payment of the property.

DUDLEY BUCK DEAD.

End of Organist and Composer Came Suddenly.

West Orange, N. J., Oct. 7.—Dudley Buck, the organist and composer, died suddenly at the home of his son here. He had just returned after a two years' absence in Europe.

Mr. Buck was 70 years old. He was born in Hartford, Conn., and was educated at the Leipzig conservatory. He composed the cantata sung by 800 voices at the opening of the centennial at Philadelphia and became famous as a composer of pastoral music.

A widow, two sons, Dr. E. T. Buck of Indianapolis, and Dudley Buck, Jr., of West Orange, and a daughter survive him.

RANK OF MORGANATIC WIFE.

Emperor Francis Joseph Makes Consort of Her Apparent a Duchess.

Vienna, Oct. 7.—Emperor Francis Joseph has raised Countess Sophia von Chotkova, the morganatic wife of the heir apparent, Archduke Francis Ferdinand, to the rank of duchess with the title of highness.

This elevation of rank coincides with the announcement that the German emperor had invited the Archduke Francis Ferdinand and his wife to pay a visit to the Berlin court in November.

This is the first time that the emperor has conferred the dual title on any one. The wife of the heir to the throne has recently been received more and more into the inner circles of the imperial family, and the opinion is expressed that the present elevation will not be the last. The status of the court has not been altered by the new title, which will still rank behind the archduchesses.

THREE DAYS' CURE FOR DOPE FIENDS
Bellevue Physician Claims to Have Secured Remarkable Results.

New York, Oct. 7.—"Within three days, cravings for cocaine, morphine or alcohol can be obliterated." Though this statement sounds like a quick advertisement, it is the assertion of Dr. Alexander Lambert, visiting physician at Bellevue professor of clinical medicine in Cornell University, and formerly physician to Theodore Roosevelt, who for years has made a special study of drug victims.

The ingredients of the specific are 15 per cent. tincture of belladonna two parts; xanthoxylum (prickly ash), one part; fluid extract of hyoscyamus, one part.

For more than two months Dr. Lambert has experimented with the new remedy in Bellevue hospital, and he says he has not had a single case of failure.

S.S.S. REMOVES BLOOD HUMORS

Every pore and gland of the skin is employed in the necessary work of preserving its smooth, even texture, softening and cleansing it, and regulating the temperature of our bodies. This is done by an evaporation through each tiny outlet, which goes on continually day and night. When the blood becomes infected with humors and acids a certain percentage of these impurities also pass off with the natural evaporation, and their sour, fiery nature irritates and inflames the skin, and dries up its natural oils, causing pimples, boils, pustules or some itching rash, or hard, scaly skin affection. S.S.S. cures skin troubles of every kind by neutralizing the acids and removing the humors from the blood. S.S.S. cools the acid-heated circulation, builds it up to its normal strength and thickness, multiplies its nutritious, red corpuscles, and enriches it in every way. Then the skin, instead of being irritated and diseased by the exuding acid matter, is nourished, soothed and softened by this cooling, healthy stream of blood. S.S.S., the greatest of blood purifiers, expels all foreign matter and surely cures Eczema, Acne, Tetter, Salt Rheum and all other diseases and affections of the skin. It removes pimples, blackheads, and other unsightly blemishes from the skin and assists in restoring a good complexion. Book on Skin Diseases and any medical advice desired free to all who write.

News of Theatres

"Way Down East" embodies all that is human and dramatic in rural life, and also breathes the pure atmosphere of country life and being. Added to these a most efficient company that correctly voices the joys and sorrows of those presented to view, and it follows as truthfully as the night after day, the public leave the playhouse in a satisfied and better frame of mind than when entering it. Such a result is the acme of success, and fixes at once the status of both play, the author and producers. "Way Down East" comes to The Kentucky Thursday night, October 14.

The story of "The Final Settlement" is said to be one of absorbing interest and the climaxes and situations startling in realism and intensity. A company of merit supports

Miss Sherwood in "The Final Settlement" at The Kentucky Friday night, October 8.

The most distinctive and dominating faculty possessed by a truly great actor is his ability to read correctly the inner souls of his fellow creatures and to interpret that reading by a reflective portraiture that approaches the border of a reality. No greater keen can be bestowed upon a player than to hear an auditor exclaim, "He is not acting, he is *it*." Such a manifestation of commendation has been repeatedly given Louis James for his masterful interpretation of Cardinal Wolsey in "Henry VIII," the offering he will present here in a very short time, and one that is said to be the best among his many great characters.

It is difficult to detect the taint on money that comes our way.

\$15 WINS \$1,813

SHELBYVILLE MAN WINS FORTUNE AT LOUISVILLE.

Takes Money Home to His Family to "Treat Them Right."

Louisville, Oct. 7.—With \$15 in his inside pocket Nathan T. Howell, a Shelbyville stock trader, visited Churchill Downs. He returned home with \$1,813.70. He called at the office of the Times after arriving in the city from the race course and said:

"I have a wife, three queens and two jacks (three girls and two boys) and I am going right to them."

"How did I happen to bet on Camel, which won for me all this money? I had a tip. A friend said that Camel figured as well as Howdy Howdy, a long shot, which won the fifth race. I never have been a tight wad, so the more I thought of Camel the more I felt that he would win. I thought about the dusty track and knew that a camel would pay no attention to anything dry, so I laid my money three ways. For \$5 straight I got \$956.30. Five dollars on the place netted \$147.10 and the show price was \$410.30."

"I play the races once and a while, and usually have luck. I do not know what really bad luck is. I have a nice home, a happy family and I am healthy and happy."

Howell presented a picturesque figure in the betting ring. He carried a staff, wore a flaming necktie and a light brown overcoat. As he circled the enclosure seeking a place to get out of a dozen individuals followed at his heels. He sought Jockey Hannan and thrust \$50 in his hand. When he telephoned his wife from the Times office he said:

"Hello, sweetheart, I have pleasant news for you. I won \$1,800 this afternoon and I think that will keep ham on the table and smoke coming out the chimney this winter."

Camel probably was the longest-priced mutual winner this part of the country has known. When the prices on straight, place and show were displayed in the ring there was considerable snorting. Camel's performance was easily the sensation of the day.

DEMOCRATS LOSE

In the Registration at Lexington on Tuesday.

Lexington, Ky., Oct. 7.—Republicans and Democrats, who are supporters of the Fusion ticket recently nominated here to fight the Democratic machine, which has so long been in power here, are jubilant today over the showing made Tuesday in the registration, in which the figures show the Democrats have lost 1,206 since the registration two years ago, when the Skain-Wilkinson primary was conjoined and a full vote was registered.

Chairman Henry T. Duncan, Jr. stated today that this showing clinched the election of the Fusion ticket. The Democrats are greatly discouraged. Registration certificates were bought in many precincts yesterday and obstruction tactics were used all day. Prominent men gathered at the most crooked precincts last night and forced the Democratic ward heelers to stop their practices in many instances.

Members of the police and detective forces were, as usual, very busy at the registration places, and in cases only threats of personal violence from Fusion men stopped their doings.

GOES TO CUBA

OLLIE HOFFLICH ACCEPTS RAILROAD POSITION THERE.

Mr. Ollie Hofflich, a machinist in the Paducah shops, has gone to Cuba where he will be a foreman in the shops of the Cuban Central railroad. Mr. Hofflich is a good mechanic and he will work under George Dickey at one time master mechanic of the Paducah shops. He was a popular employee of the Paducah shops, and his many friends wish him success in his new place.

A. J. Crone, a ticket agent at Louisville, was brought to the Illinois Central hospital last night. He is ill of rheumatism.

3 YEAR TRIAL MARRIAGE ENDS

Kenosha Couple Sign Old Contract in Order to Wed Other Persons.

Chicago, Oct. 7.—Alexander Valentine and Anna Begalia signed a unique contract at Kenosha, Wis. yesterday. For three years they had been recognized as man and wife. It turns out to have been a "trial marriage." Yesterday Valentine took out a license to marry another woman.

When the "trial marriage" limit expired yesterday they both decided to "quit" and marry other persons. By the terms of the contract Valentine turns over all the property the two had secured while living together.

Miss Begalia releases all her claims upon Valentine. One of the witnesses to the contract was former Judge Joseph R. Clarkson.

Mr. Frank Moore, of Hickman, arrived in the city this morning.

BEAUTIFUL WOMEN

Bad Stomach Causes Unsightly Complexions—W. J. Gilbert Has a Remedy.

Bad stomachs mean bad blood; bad blood means sallow, unattractive skin.

Why? The stomach in a healthy condition separates the nutritious matter from the food and gives it to the blood to supply the entire body with nourishment.

If the stomach is not in a healthy condition it does not separate from the food the nutritious matter and it passes off with the waste.

Thus the blood is impoverished and has not sufficient nourishment to supply the muscles, skin and body generally.

If you have belching of gas, distress after eating, nausea, biliousness, nervousness or foul breath, then your stomach is wrong and you want the best prescription for stomach troubles the world has ever known.

You want Mi-o-na tablets, the great stomach remedy which guarantees to cure indigestion, no matter of how long standing, or money back.

Relieves stomach distress at once. Mi-o-na is sold by leading druggists everywhere and in Paducah by W. J. Gilbert for 50 cents a large box. Test samples free from Booth's Mi-o-na, Buffalo, N. Y.

HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

2-YEAR OLD

BREAKS TROTTER RECORD AT LEXINGTON.

Lexington, Ky., Oct. 7.—The feat of the card at the harness meeting was the two-year-old division of the Kentucky Futurity, with a value of \$5,000, for which the champion two-year-old filly, Native Belle (2:12 1/4), was an overwhelming favorite. In the pooling Native Belle brought \$290, Chatty Direct \$20, Colorado E. \$20, Eva Tanguay \$10, Eva Bellini \$10 and the field \$19.

In other pools Native Belle brought \$100 and the field \$30.

Chatty Direct, who last Saturday trotted a mile in 2:10 1/4, the fastest performance ever recorded for a two-year-old anywhere, was the favorite of the field players. Colorado E. while carded as a starter, is not sound, and may fall lame at any part of the journey. Macey jogged him yesterday morning, however, and his curbs did not appear to bother him. For the 2:16 class trot Lady Stately sold for \$50 and the field \$10. The 2:15 pace brought out Iris as the favorite at \$50, with \$47 for the field. No pools were sold on the unfinished 2:09 pace; likewise none on the 2:06 trot.

New World's Record.
The two-year-old pacing filly Fletta Dillon, driven by Millard Sanders, set a new world's record for her age and sex when she paced against the former record of 2:19 1/2, which has stood for eleven years, and finished the mile in 2:08 3/4. The new champion youngster is owned by Sterling R. Holt, of Indianapolis.

HEAVY REGISTRATION AT LOUISVILLE, FIRST DAY.

The Enrollment of Voters Was the Heaviest Ever Known.

Louisville, Ky., Oct. 7.—The feature of the first day's registration in Louisville yesterday was the great increase that was shown in the enrollment of the first days of 1908 or 1907. The total registration yesterday was in the neighborhood of 38,000, the largest ever known for the first day.

While the registration figures are as always the case, capable of many interpretations, the strongest indication they give is a sweeping majority for Mayor Grinstead.

The Democratic figures give the Republicans and Independents a majority over the Democrats of 1,654 while the Republican figures give the Republicans and Independents a majority over the Democrats of 2,750. This, however, is without attempting to divide the Democratic vote between Head and Tyler. It is certain that Tyler will control several thousand votes, and many predict that he will poll a heavier vote than Head, whereas practically the solid vote of the Republicans and Independents will be cast for Mayor Grinstead.

Therefore, on the figures of the first day, an overwhelming majority for Mayor Grinstead will have a majority of about 8,000.

MORSE'S BOND IS VALIDATED

Last of Twenty Required Signatures Affixed Yesterday.

New York, Oct. 7.—The last of the twenty signatures required to validate the new bill for \$125,000, which Charles W. Morse had to furnish to save himself from further incarceration until the federal court of appeals decides his case, were attached to the bond this afternoon. The renewal of the bond is regarded as an indication that the decision on the appeal, which was looked for soon after the court of appeals convened on October 11, may be delayed all winter.

Morse is confident his appeal from the sentence of 15 years in prison on conviction of violating the banking laws will be granted. He has succeeded in paying off \$7,500 of his debts.

—The Woman's Christian Temperance Union will meet tomorrow afternoon at 3 o'clock in the parlor of the Broadway Methodist church. As matters of importance will be discussed all members are urged to attend.

Do not be misled. The only kind of sound-reproducing machine that is perfect is the one that Edison invented and the one that Edison makes.

It is the one with the smooth and perfect sapphire point, that doesn't require changing with each record and that doesn't scratch—two points alone that should influence your decision.

Only in the Edison do you find the music-reproducing idea at its best.

Don't take our word for it. Compare the Edison Phonograph with all other instruments side by side, on the same music, if possible, and then you will know better than we can tell you.

Edison Phonographs are sold everywhere in the United States at the same price, \$1.50 to \$15.00. Standard Records, Inc., Amberol Records (twice as long), 50c., Grand Opera Records, 75c. There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalogs from your dealer or from us.

MAY NOT MEET

JEFFRIES-JOHNSON FIGHT NOW SEEMS IMPROBABLE.

Both Want Lion's Share of Receipts, and Terms Hard to Settle.

New York, Oct. 7.—Eastern sporting men are not at all certain that there will ever be a fight for the heavyweight championship between James J. Jeffries and Jack Johnson. Recent cablegrams from Paris that Jeffries expected a purse of \$150,000 to be offered, together with Johnson's repeated assertions that he would claim a lion's share of any purse offered, have partially confirmed the belief or fear that the two big men will not agree on terms. A purse of \$150,000 is considered out of the question. Jeffries styles himself as "undefeated champion of the world" and his friends declare that this is sufficient indication that he will insist on dictating the terms and will demand the champion's portion of any stake.

Hugh McIntosh, the Australian promoter, left London last night for Paris to see Jeffries and further increase his bid of \$55,000 for the fight. At the same time Jeffries left Paris for London and they passed each other on the way. It is now understood that Jeffries will sail for this country next Saturday and his representatives here declare that immediately upon his arrival in New York he will be ready to sign final articles with Johnson and consider proposals from promoters.

HAZELIP AND BARKLEY MEETING

ATTRACTS GOOD SIZE CROWD AT SHADY GROVE.

FORMER CONTENTS COUNTY NEEDS ADMINISTRATION CHANGED.

The little school house at Shady Grove, several miles out on the Benton road, was well filled last night with an enthusiastic audience when Thomas N. Hazelip, Republican nominee for county judge and County Attorney Alben Barkley, his opponent, took issue in the fight for the important place. About 80 of the good residents of that section of the county were present, including several women and children. Both speakers were frequently applauded but Mr. Hazelip seemed to catch the audience and his applause was greater.

As Mr. Hazelip said during his remarks, Mr. Barkley drifted away from the issue when Mr. Hazelip presented records of the past administration, in which the Republican nominee said the county needed a change. The statement brought forth much applause. Mr. Barkley spoke first for one hour and fifteen minutes telling the citizens how he had tried to do his duty and admitting that he had made mistakes as others have. He promised them, if elected county judge, that he would see that there would be no more flaws and no opportunity for the tax payers' money to be misappropriated. He told how he had appealed to the higher court of the state and kept the circuit judge's salary from being increased to \$3,600 per annum and other steps he had taken to do his duty as county attorney.

Mr. Hazelip followed and for the same length of time read records of the county and showed the faults necessitating a drastic change in affairs. He told how Mr. Barkley had

TO DARKEN THE HAIR.
Who does not know of the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition. As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company, 74 Cortlandt St., New York City, put up an ideal preparation of this kind, called Wyeth's Sage and Sulphur. It is sold by leading druggists for 50c and \$1.00 a bottle, or is sent direct by the manufacturers upon receipt of price. For sale and recommended by W. J. Gilbert.

A Promise to Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. Their obligations to its policy holders are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

WHY SALVES FAIL TO CURE ECZEMA

They Clog the Pores—Only a Liquid Can Reach the Inner Skin.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and can not penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen as compounded in D. D. D. Prescription. After ten years of cure after cure, the world's leading skin specialists have accepted this as the true eczema cure.

We ourselves do not hesitate to recommend D. D. D. Prescription at \$1,000 a bottle, but for the benefit of those who have never tried the prescription, we arranged with the D. D. D. Laboratories of Chicago for a special offer now. This first bottle, ought to convince every sufferer, and, at any rate, it will surely take away the itch at once. R. W. Walker Co., Fifth and Broadway.

longed to a ring or clique in which everything was done just as the ring decreed. This however was denied by Mr. Barkley. An important item Mr. Hazelip put before the voters of the county was when the ten combined shows of John Robinson came here September 11 and secured a license of just \$55 to show. Mr. Hazelip read the statutes and showed how the county officials could have compelled the circus to pay \$200 as \$50 is charged for the main show and \$25 each for other side attractions. He said that in the past six years the records of the county did not show where the county had collected any license fee from circuses and that it looked bad. He said this went to show that there was some formation in the ranks of officials who probably were given complimentary tickets and allow the circuses to show without a license.

The county board of supervisors, which means much to the tax payers, according to Mr. Hazelip, should be selected by the tax payers themselves, and not be appointed with party plays. He assured the citizens that if he is elected that he will allow the tax payers to select the members of the board, and he will place them in office, with no prejudice. "I am for the best man and whether he be a Republican or Democrat he shall have the place," said Mr. Hazelip. He blamed Mr. Barkley for not discovering the misappropriations and forgeries made by former county clerk Hiram Smedley and said the administration had been loose and careless. Reading a part of John D. Smith's report of Smedley's peculations in office, Mr. Hazelip showed how the system of handling the county's money should be changed and said that even Mr. Smith, the expert accountant, went as far as to say in his report that a new system was needed. Mr. Hazelip is going wholly by the records and believes them convincing enough to show the county voters that some change must be wrought in county affairs.

WILL SUBMIT PROOFS TO GEOGRAPHIC SOCIETY
Peary Accepts Invitation of the National Organization, and They Will Examine His Records.

Washington, Oct. 7.—Commander Peary has accepted the invitation of the National Geographic society to submit his proofs to them for verification. So far the society has heard nothing from Dr. Cook in answer to this invitation save through the public prints. It is presumed, in view of the fact that the American Geographical society and the Museum of American History in New York also invited both of the Polar explorers to submit their records for the consideration of the commission, that Commander Peary has made to them a response similar to that received this morning by the National Geographical society.

The regular meeting of the board of directors of the National Geographical society will be held here next Friday, when President Moore will present Commander Peary's telegram, and some action will be taken looking to the appointment of a special commission. In case Dr. Cook fails to respond to the invitation, President Moore says the special commission will consider Commander Peary's data.

BANKS MAKE A HOWL OVER THE NEW LAW

Institutions of Enid Will Resist Payments to Make Up Guarantee.
Enid, Okla., Oct. 7.—Local bank officials today indicated that Enid's five state banks would resist the effort to collect an assessment of three-fourths of 1 per cent. on average deposits to replenish the guaranty fund now being used to re-establish the Columbia Bank and Trust company, of Oklahoma City. Notice of the assessment was received here today.

Mr. T. Ashby and Mr. Frank Moore, of Slater, Ky., are in the city.

"HIGH" WILL FORM DEBATING SOCIETIES

PUBLIC SPEAKING AND DEBATING TO BE FEATURES.

Ciceronian and Periclean Societies Will Be Organized Friday Afternoon.

PREPARE FOR INTERSTATE DEB

Debating and public speaking will be an important subject at the High school this year. In order to encourage the work in these subjects two literary societies, the Ciceronian and the Periclean will be organized Friday afternoon. The school will be equally divided into the two societies, and then the members will organize by electing officers.

Each society will hold weekly meetings with a program consisting of a debate on some subject and a literary program. These programs will give the students training, and at frequent intervals inter-society debates will be held. The society will prepare the speakers for an inter-school debate that will be held during the winter. Last year the High school debated with Cairo, but this year the school has not been selected. Owensboro High school asked for a debate last year and perhaps the school may be taken on this year. Hopkinsville and Madisonville could be secured for a debate this year also. The preliminary arrangements have not been made, but Prof. W. H. Sugg said correspondence with the schools would be begun soon and the arrangements made.

The annual oratorical contest of the High schools of western Kentucky will be held this year in Paducah, and much interest is expected, as this is the first year Paducah has had the contest. Both years Paducah's representative has given the winners a hard race for the honors.

DR. COOK NEARLY INJURED IN RUSH.

St. Louis, Oct. 7.—The appearance of Dr. Cook in the Union station late yesterday turned a crowd of 10,000 centennial visitors into a mob, each member of which tried to pat the explorer on the back. The result was a crush, wherein the explorer, his wife and the reception committee narrowly escaped injury.

The cheering of Dr. Cook began 15 miles from the city. He stood on the rear platform and bowed acknowledgments. Last night he delivered his illustrated lecture at the coliseum.

The aeroplane flights of Curtiss and Ozement are scheduled for today.

ROOSEVELT HUNT TROPHIES NOT TO BE SHOWN THIS YEAR

Delay Will Result from Difficulty of Museum Heads in Deciding How to Group Specimens from Jungles.

Washington, Oct. 7.—There will be no exhibition of the Roosevelt African trophies of the hunt in the new National Museum building during the coming winter, because no decision has yet been reached as to how they shall be mounted and grouped.

Taxidermists were to have been set to work promptly to mount the specimens. Discussion was held as to whether there should be groups or single mounts of the animals that had crossed the former president's track and had fallen under his fire. Now it is apparent that the realization of this program will require more time than was thought necessary.

Eventually some private firm probably will be engaged to tan the skins carefully, and then they will be placed in the hands of the taxidermists for mounting. Only the choicest specimens will be prepared for exhibition here. Duplicates will be exchanged for other specimens, as the great museums of the world all are desirous of having at least one of the Roosevelt trophies.

WATER NOTICE.
Patrons of the Water company are reminded that their rents expired on September 30, and those who desire to renew them should do so before it is forgotten, as all premises not paid for on or before October 10 will be shut off.

PARASITES ARE PLENTIFUL.

Have you ever had a close look at a tapeworm? Have you ever seen its head? Have you ever seen its thousands of links, each with a separate mouth which absorbs the nourishment intended for human subsistence? If you have not just call on Fisher, the Quaker Health Teacher, at W. B. McPherson's drug store, corner Fourth and Broadway, and he will be glad to show you some specimens. Tapeworms are common, very common, and many people who suffer from chronic complaints of the liver, kidneys or stomach, will never again spend a healthy day unless the first cause of the trouble is removed, and this cause is nine times out of ten a tapeworm.

People don't always know that they have a tapeworm; they will be suffering from a complication of supposedly stomach troubles, grow weaker each day, get up in the mornings with a tired, restless feeling, have indigestion and biliousness, and receive treatment for those ailments, when in reality the true cause of the whole trouble is a tapeworm. These horrible monsters are day by day getting the best of the person in whose system they are

thriving, sucking the very life from them—surely dragging them down to an early death.

People should bear in mind that this trouble cannot possibly be cured except by removing the cause—expelling the worm. These death-dealing monsters are due to the eating of raw or poorly cooked meats. All meat of this kind is dangerous, for unless it be thoroughly cooked, it may contain the eggs from which these worms originate; so unless it is cooked sufficiently to kill the egg it is taken into the stomach, where it hatches, and grows at an astonishing rate, larger each day, until it has reached enormous proportions, and pulls you down making you fit for nothing.

Should this meet the notice of anyone who is afflicted with one of these monsters, now is the opportunity to get rid of it. Quaker Extract, will expell it, surely and quickly, without dieting or pain, in a few hours. Fisher can be seen at McPherson's drug store, Fourth and Broadway, from 9 a. m. to 5 p. m. daily, where he will be glad to give any tapeworm sufferer a bottle of Quaker Extract free, to prove his claims.

River and Weather.

The river has receded back to the 2.6 mark as registered on the government gauge this morning, a fall of one-tenth in 24 hours. Weather clear and business good.

Miscellaneous.

A heavy fog hung over the river this morning and lifted about 7:30 o'clock, enabling the ferryboat Bettie Owen to depart for Owen's land.

The claim of \$100 against the little gasoline boat, Olie E., held by U. G. Nichols, of Elizabethtown for supplies, has been settled and the boat released by Deputy United States Marshal Elwood Neel. She left today for Dycusburg with a good trip.

Capt. John S. Summers, owner of the towboat Henrietta, has returned from Mississippi, where he has been several months for his health. He is well known in river circles.

Reports received here are to the effect that the towboat John A. Wood

with a tow of coal, is laid up at Memphis, where she broke her cross head.

Capt. Jim White and Capt. George Clark, well known Louisville and New Orleans pilots, arrived here last night from Cairo on the Henry Harley and will go to Evansville on the Dudley.

With the new Frisco transfer barge which was badly damaged on the rocks at Grand Chain, the towboat Condor, of Joppa, Ill., arrived yesterday afternoon. The barge will be pulled up on the marine ways here for repairs as soon as possible. The Condor returned to Joppa.

Last night when the Henry Harley passed Grand Chain the City of Saltville was still hard aground at Sharp's bar, and efforts to free her yesterday proved useless. Barges were taken from Joppa and part of her cargo transferred to lighten her. It is believed that she succeeded in getting off today. The Harley took a barge of coal to the Saltville from Cairo yesterday afternoon. The Saltville was scheduled to leave St. Louis tomorrow afternoon for the Tennessee river but will be delayed.

The Cincinnati Enquirer says: "William Brown, aged 20, who committed suicide Thursday forenoon at his mother's residence, Fourth street east of Park avenue, Newport, Ky. was a son of Capt. Frank Brown, a well known coal agent in this city. The name of the old firm was Crall & Brown, and they had their office in the Chamber of Commerce building."

The Louisville Courier-Journal says: "As soon as the stage of the Ohio river becomes such that the steamer S. S. Brown can be taken to Marietta, Ohio, from Memphis, where she has been laid up for some time for sale, Capt. J. M. Hammett will take charge of her and make some

repairs that have been contracted for. Then it remains to be seen what will be done with the steamer. The Brown is one of the finest vessels on western rivers. She has a new steel hull, and the vessel complete cost \$125,000."

Capt. Lawrence Copeland, of Metropolis, was in command of the George Cowling today in the absence of Capt. Ed Cowling.

The Kentucky is due out of the Tennessee river tonight.

Alf. Harrigan, second clerk of the Clyde, and Emmett Graves, third clerk, are at home ill. Alf Rittenhouse went on the Clyde last evening filling both places.
